

# Seabrook Dune Walkway Assessment Public Workshop

**Join us for a project update!**

We'll start by learning how sand dunes work and why they matter. Then, we'll talk about the condition of the walkways and changes in the environment. We'll also share some early ideas on how to improve and care for the walkways.

If you haven't already, please share your thoughts on the needs of the walkways now and in the future. Your feedback is crucial in helping us develop strategies to protect and maintain access to this valuable natural resource.

## Public Input Survey

<https://publicinput.com/dunes>

**Date: October 24th, 2024**

**Time: 5:00 – 7:00pm**

**Seabrook Community Center**

**Dinner will be provided starting at 4:45pm**

## Project Overview

Goal: Develop a collaborative evaluation of Seabrook's current dune walkways.

Project Team: Rockingham Planning Commission, Seabrook-Hamptons Estuary Alliance, UNH Sea Grant and Town of Seabrook

### Walkway Assessment:

- Document physical conditions
- Evaluate environmental conditions
- Collect public input
- Offer Community workshops

Outcome: Recommendations for improved access, enhanced stewardship, and future restoration efforts.

This project is funded, in part, by NOAA's Office of Coastal Management under the Coastal Zone Management Act in conjunction with the NH Department of Environmental Services Coastal Program
