Seacoast Science Center

HSE Estuary Management Plan (EMP): Strengthening and Expanding Community and Partner Stewardship in Seacoast Science Center's Kayaking Programs to Promote Hampton-Seabrook Estuary Awareness

3 Schools → 250 students → 2 years

Winnacunnet High School

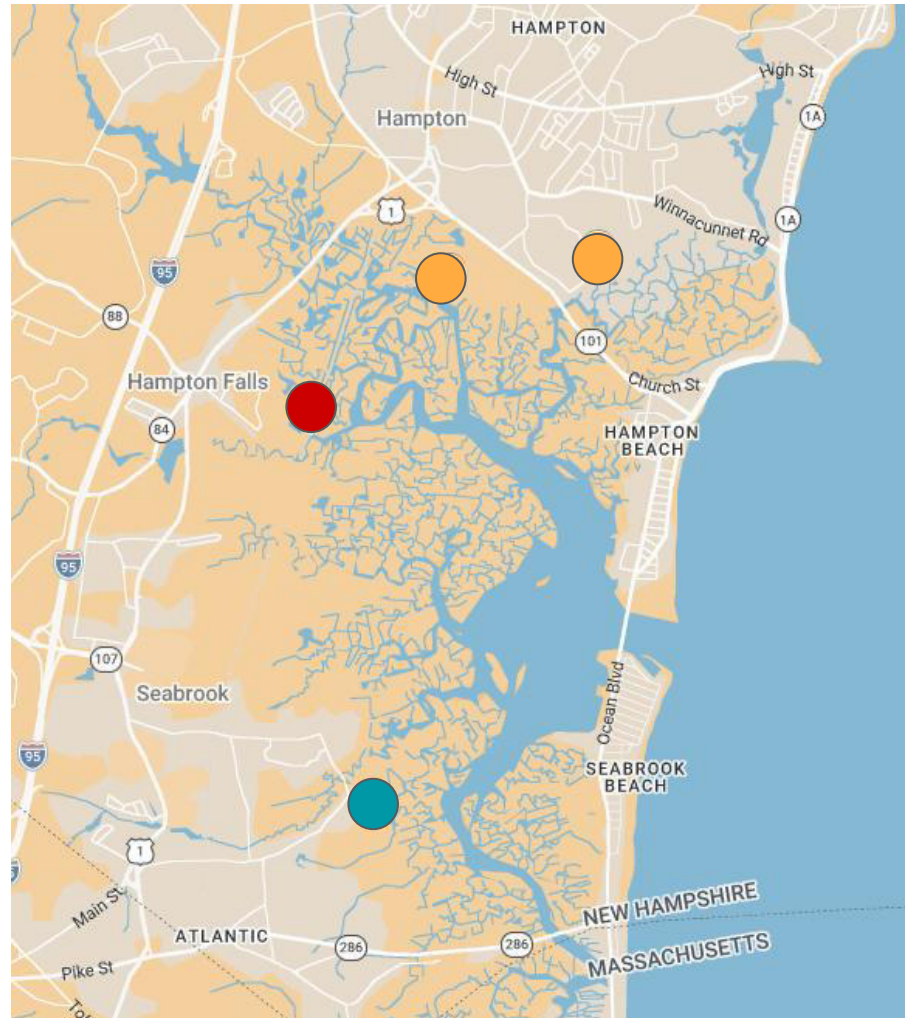

- Marine Biology Class (30 students)

Seabrook Middle School

- 8th Grade (75 students)

Lincoln Akerman School

- 7th Grade (20 students)

Actions and Goals Implemented

- Education, outreach, and volunteer activities link the community with the estuary. The community is well-informed and active in protecting the estuary and its watershed.
 - Relevant Objective(s)/Action Item(s): 4.1-4
- Planning and management efforts utilize sound science and are coordinated and implemented to protect vital ecosystem services, adapt to the effects of climate change, and ultimately ensure the health, safety, and well-being of the people who live in and visit the watershed.
 - Relevant Objective(s)/Action Item(s): 5.1-17;5.5-1; 5.5-7; 5.5-9; 5.7-5

We can't wait to get started! Questions?
